

Health and Safety Plan Summary: Solanco School District

Initial Effective Date: July 30, 2021

Date of Last Review: June 21, 2021

Date of Last Revision:

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

The Solanco School District School District opened school to students on August 31, 2020. In preparation for this, the district formed multiple task forces to engage in thorough and exhaustive planning for in-person instruction, which resulted in the development of the Solanco 2020-21 Health and Safety Plan. This plan outlined comprehensive safety measures in place for the return of students and staff to buildings. These safety measures included the following:

- (1) cleaning, sanitizing, disinfecting, and ventilation
- (2) social distancing, wearing masks, and other safety protocols
- (3) monitoring student and staff health
- (4) other considerations for students and staff

The school district remained vigilant for the entirety of the 2020-2021 school year in the implementation of this Board-approved PDE Health and Safety Plan for Reopening Schools. As the requirements and guidelines for safety measures changed frequently throughout the school year, the district was responsive and adjusted accordingly.

For the 2021-2022 school year, we will continue to monitor the ever-changing and applicable requirements or guidelines from the Commonwealth of PA or the CDC that are effective on or after July 30, 2021. If there are any changes or revisions to those applicable requirements or guidelines after July 30, 2021, we will follow them, and update the plan accordingly.

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

Given that the Solanco School District offered multiple choices for instruction to families during the 2020-2021 school year (in-person learning, remote learning, and learning through its virtual academy), students were actively engaged in their academic studies throughout the school year. Through the provision of

synchronous and/or asynchronous instruction during days when the schools needed to close due to COVID-19 cases (and required case investigation, contact tracing, and cleaning), the continuity of services were ensured to students.

The social, emotional, and mental health of students were addressed through a variety of ways, such as counseling, class meetings and advisory periods, student clubs, etc. For staff, the district and individual schools provided individual and collective supports, including a district-sponsored EAP plan. This was further accounted for by the forming of Solanco Emotional Health Task Force in July, 2020 (and subsequent implementation of recommendations).

Students' health needs were met individually through the school's Health Services Department. The Food Services Department provided breakfast and lunch to students each day of the school year, as well as interested families throughout the summer months.

The district will continue to provide in-person learning to students during the upcoming 2021-2022 school year. If families seek the option for their student(s) to receive online academic work instead of in-person learning, they can enroll their student in the district's virtual academy (known as the Solanco Virtual Academy). The district will continue to provide social, emotional, and mental health support to students in the same venue (with more opportunities for in-person clubs during the upcoming school year), with supports also offered to students enrolled in the SVA. Food Services will continue to provide meals, including free breakfasts and lunches during the Summer 2021 (June-August). If any staff member is in need of social, emotional, and mental health support, the district will continue to encourage them to participate in its EAP program which provides several free services to employees.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<p>a. Universal and correct wearing of masks;</p>	<p>This District will continue to monitor the ever-changing and applicable requirements or guidelines from the Commonwealth of PA or the CDC that are effective on or after July 30, 2021. If there are any changes or revisions to existing, valid, and binding applicable requirements or guidelines after July 30, 2021, we will evaluate them and update the plan accordingly upon Board approval.</p> <p>Staff and students will be allowed to wear masks/face coverings while in school.</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>Masks will be provided for any staff or student by request.</p>
<p>b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);</p>	<p>For the 2020-21 school year, the Solanco School District employed multiple configurations to ensure social distancing in all schools. This included changes to classroom spaces, utilizing large group spaces, and schedule changes to cohort students.</p> <p>This District will continue to monitor the ever-changing and applicable requirements or guidelines from the Commonwealth of PA or the CDC that are effective on or after July 30, 2021. If there are any changes or revisions to existing, valid, and binding applicable requirements or guidelines after July 30, 2021, we will follow them and update the plan accordingly.</p> <p>This could include the following:</p> <ul style="list-style-type: none"> • Modifying seating arrangements • Utilizing large group spaces • Cohorting students • Reduction of large-group activities • Schedule changes
<p>c. Handwashing and respiratory etiquette;</p>	<p>Procedures for hygiene practices were developed, shared, and implemented in collaboration with the School Physician, school nursing staff, and local, state, and federal guidelines for the 2020-21 school year.</p> <p>These procedures will be reinforced throughout the 2021-22 school year.</p> <p>Hand sanitizer will be available in all buildings.</p>
<p>d. Cleaning and maintaining healthy facilities, including improving ventilation;</p>	<p>Significant cleaning, sanitizing, disinfecting, and ventilation practices were implemented for the 2020-21 school year.</p>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>The practices will continue based on applicable requirements or guidelines from the Commonwealth of PA or the CDC that are effective on or after July 30, 2021</p> <p>These practices include:</p> <ul style="list-style-type: none"> • All buildings will be cleaned with an approved disinfectant cleaner. • High touch points will be cleaned and disinfected regularly. • Outside air dampers in occupied areas of the building will be opened to bring in fresh air while still being able maintain a comfortable temperature. • Classrooms will be systematically treated using an electrostatic sprayer with a hospital grade disinfectant. • Hallways, restrooms, main and guidance offices will be treated with a sprayer and disinfectant per the recommended cleaning schedule. To the extent possible, windows will be opened in indoor spaces and on district transportation to allow for additional ventilation of the space.
<p>e. Contact tracing in combination with isolation and quarantine, in collaboration with the State and local health departments;</p>	<p>State and federal guidelines will be used to determine when an isolated or quarantined staff member, student, or visitor may return to school.</p>
<p>f. Diagnostic and screening testing;</p>	<ul style="list-style-type: none"> • Student screening for symptoms will be completed by all parents/guardians at home before the start of each school day. • All District staff will perform a symptom screening on themselves prior to leaving for work and will stay home if ill. • Staff, parents/guardians, and volunteers will be encouraged to self-report COVID-19 symptoms or exposure to the school nurse or designee. • Any individual on school property who develops COVID-19 symptoms, tests positive for COVID-19, or may be a probable COVID-19 will be directed to an

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>isolation room/area until dismissal is possible.</p> <ul style="list-style-type: none"> • The school district will maintain adequate personal protective equipment for use when individuals become ill. • If any individual exhibits symptoms while in a school building, a screening will be completed by the school nurse or designee.
<p>g. Efforts to provide vaccinations to school communities;</p>	<p>The District will promote local and regional options for vaccinations for families and students from our partners with the county and the Intermediate Unit.</p>
<p>h. Appropriate accommodations for students with disabilities with respect to health and safety policies; and</p>	<p>Individualized health and safety plans will be developed in collaboration with families, as needed, for students requiring additional accommodations regarding health and safety measures.</p>
<p>i. Coordination with state and local health officials.</p>	<p>Ongoing communication will be maintained with local health experts and state contacts with the DOH.</p>

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for **Solanco School District** reviewed and approved the Health and Safety Plan on **June 21, 2021**

The plan was approved by a vote of:

 8 Yes

 0 No

Affirmed on: **June 21, 2021**
