**Section: Nonpublic Organizations - Nonpublic Equitable Services****NONPUBLIC EQUITABLE SERVICES****NONPUBLIC EQUITABLE SERVICES**

An LEA receiving GEER Funding will provide equitable services to students and teachers in nonpublic schools as determined through timely and meaningful consultation with representatives of nonpublic schools.

Section 18005 of the CARES Act requires school districts that receive grants funded by the Governor's Emergency Education Relief Funds Grants (GEERF), provide equitable services in the same manner as provided under Section 1117 of ESEA, which means in the same manner as equitable services are provided in Title I, Part A.

The equitable services provided to nonpublic school students and teachers should be determined in consultation with nonpublic school representatives. School districts may provide services directly or may contract with a public or private entity after following the appropriate procurement procedures to deliver the services

**CHECK HERE** - if your LEA does NOT provide equitable services to nonpublic students and teachers as described in CARES Act Program. *LEAs should only check this box if they had NO participating low-income nonpublic students reported in the 2019-20 Title I program. **\*\*If checked, mark this section complete at the bottom and proceed to the next section.\*\****

The LEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a nonpublic school under the GEERS Fund.

The LEA will maintain control of materials, equipment, and property purchased with GEERS funds.

The LEA will ensure that services to a nonpublic school with GEERS funds will be provided by a public agency directly, or through contract with, another public or private entity.

**NONPUBLIC EQUITABLE SHARE**

In the original guidance set forth in July of 2020 Interim Final Rule (IFR) by USDE, districts were given two options when calculating the Nonpublic Equitable Share. Option 1 equitable services is based on Title I, Part A low-income participating numbers. Option 2 was based on the total enrollment of all participating nonpublic schools in the district, compared to the total enrollment in both public and participating nonpublic schools in the district, regardless of the student's poverty level.

Based on the September 4, 2020 outcome of *NAACP v. DeVos*, the U.S. District Court for the District of

Columbia issued an order vacating the Interim Final Rule. Accordingly, the IFR is no longer in effect. Equitable services calculations are based on the 2018-19 enrollment of low-income students of nonpublic schools that participated in 2019-20 Title I, Part A programming. Option 2 is no longer in effect and LEAs are not expected to calculate the difference and hold that amount in reserve.

PDE has posted a document “Guidance on Calculating and Administering Equitable Shares Reservations” that was updated September of 2020 to reflect USDE Interim Final Rule on the CARES Act section of the website. The full FAQ can be found by following this [Link to Equitable Service FAQs](#).

**EQUITABLE SHARE CALCULATION (Option 1)**

Determine your A-TSI school's 'Nonpublic Per Pupil Amount' in the chart below by entering data for your A-TSI school. School level allocations can be found here - [Link to School Level Allocations](#). Then, enter the total number of low-income public students that attend your A-TSI school, followed by the number of low-income nonpublic students that *would* have attended the A-TSI school, but instead are attending a nonpublic school **within the boundaries of the LEA**, who wish to participate in the GEERF CARES Act program. The per pupil amount will be used in the Nonpublic Organizations section.

A-TSI School Name	School Level Allocation	Total Low Income Public Students Attending the A-TSI School	Total Low-Income Nonpublic Students that would have attended the A-TSI School	Nonpublic Administration Costs	Nonpublic Equitable Share	Nonpublic Per Pupil Amount

**EQUITABLE SHARE CALCULATION (Option 2)**

Based on the order vacating the Interim Final Rule, Option 2 is no longer in effect and LEAs **ARE NOT** expected to calculate the difference and hold that amount in reserve.
