Solanco School District Board Policy dictates that all applications for use of school facilities received prior to July 1 for use during the upcoming school year (July 1-June 30) will be treated as if received on the same day, and prioritized according to board policy #707.

My signature below indicates that I have read the **INSTRUCTIONS FOR COMPLETION OF THE APPLICATION FOR USE OF SCHOOL FACILITIES**. I understand that the instructions summarize requirements of board policy #707. I understand and agree to comply with these policies and the following conditions:

1. Weekday use may be denied and/or rescinded when school is not in session (school vacations or cancellations due to inclement weather, etc.). Also it may be necessary for the District to rescind approvals when conflicts arise. Only rare occasions necessitate such action, but approvals are conditional.
2. Approved community use of facilities is automatically canceled when school is closed for inclement weather, emergency or safety conditions. School cancellations are broadcast through the local media.
3. A new application is requested to change information on a previously submitted application. Information on the previous application will be marked canceled on the calendar and the new application's information added. If this application is for a change, please check here \_\_\_\_\_.
4. District administration holds the right to rescind use as a result of facility misuse.
5. An organization receiving approval to use school facilities assumes responsibility for the facility's cleanup upon completion of the organization's use. The school facility should be restored to the condition that existed prior to the organization's use.
6. Organizations may utilize cafeteria kitchen equipment **only** when district cafeteria staff have been scheduled and district staff operate the equipment. This includes access to district coolers and refrigerators.
7. All requests should be submitted at least two (2) weeks prior to the intended use.
8. Sunday requests and other unusual requests for the use of school buildings must receive board approval. Sunday use of school grounds, other than buildings, does not require Board action.
9. A citizen, administrator, or faculty member of the District must sign below as the party responsible for use of the facilities.
10. Organizations not affiliated with the Solanco School District must attach a certificate of liability insurance listing the organization's name as the insured party.
11. Organizations requesting facilities for bingo or small games of chance must submit a copy of the appropriate license with this application or at least 10 days prior to the date of the requested event or tentative approval will be rescinded or request denied.
12. Participants must park in designated parking areas only. Do not park on the grass or along the driveways.
