

Clermont Elementary School, and the parents of the students participating in activities, services, and programs funded by Title 1, Part A of the Elementary and Secondary Education Act, agree that this compact outlines some of the ways all shareholders can build and develop a partnership that will help students achieve the State's high standards.

Clermont operates under a school-wide Title 1 program.

The goal is to improve academic achievement throughout our school so that all students, particularly the lowest-achieving students, demonstrate proficiency in the State's academic standards.
